

# Phones

This section describes how to connect FreeSWITCH to a variety of hardware IP phones.

Click on one of the pages under Phones in the page tree left column.

## Introduction

This is where we need to list all devices that have worked successfully with FreeSWITCH.

The section below was copied from the original wiki April 30, 2014. The information below may be out of date.

Please make sure that you have the following criteria in your phone review:

- **Registration:** work/do not work
- **Caller Id:** work/do not work
- **Call in/out:** work/do not work
- **Call waiting:** work/do not work
- **Transfer calls:** work/do not work
- **Park calls:** work/do not work

## Feature Grid

It would be nice to migrate this information to a grid to make the page more readable.
