

Example Hangup hook

About

About text.

Example

```
function on_hangup(hup_session,
how)

{

    console_log("err", how + " HOOK" + " name: " + hup_session.name + " cause: " + hup_session.cause +
"\n");

    //exit here would end the script so you could cleanup and just be
done
    exit();

}

//set the on_hangup function to be called when this session is
hungup
session.setHangupHook
(on_hangup);

function onPlayFile(s, type, obj,
arg)

{

    try
    {

        if (type == "dtmf")
        {

            console_log("info", "DTMF digit: " + s.name + " [" + obj.digit + "] len [" + obj.duration + "]
\n\n");
            session.execute("phrase", "spell," + obj.
digit);

        }

    } catch (e)
    {

        console_log("err", e +
"\n");

    }

    return
```

```
true;

}

session.answer();

while(session.ready())
{
    session.streamFile("/ram/swimp.raw",
onPlayFile);
}
```
